

# Fernie 2024/25

## The Gang is coming home!!

Note Mark leaning his ass into the hill!

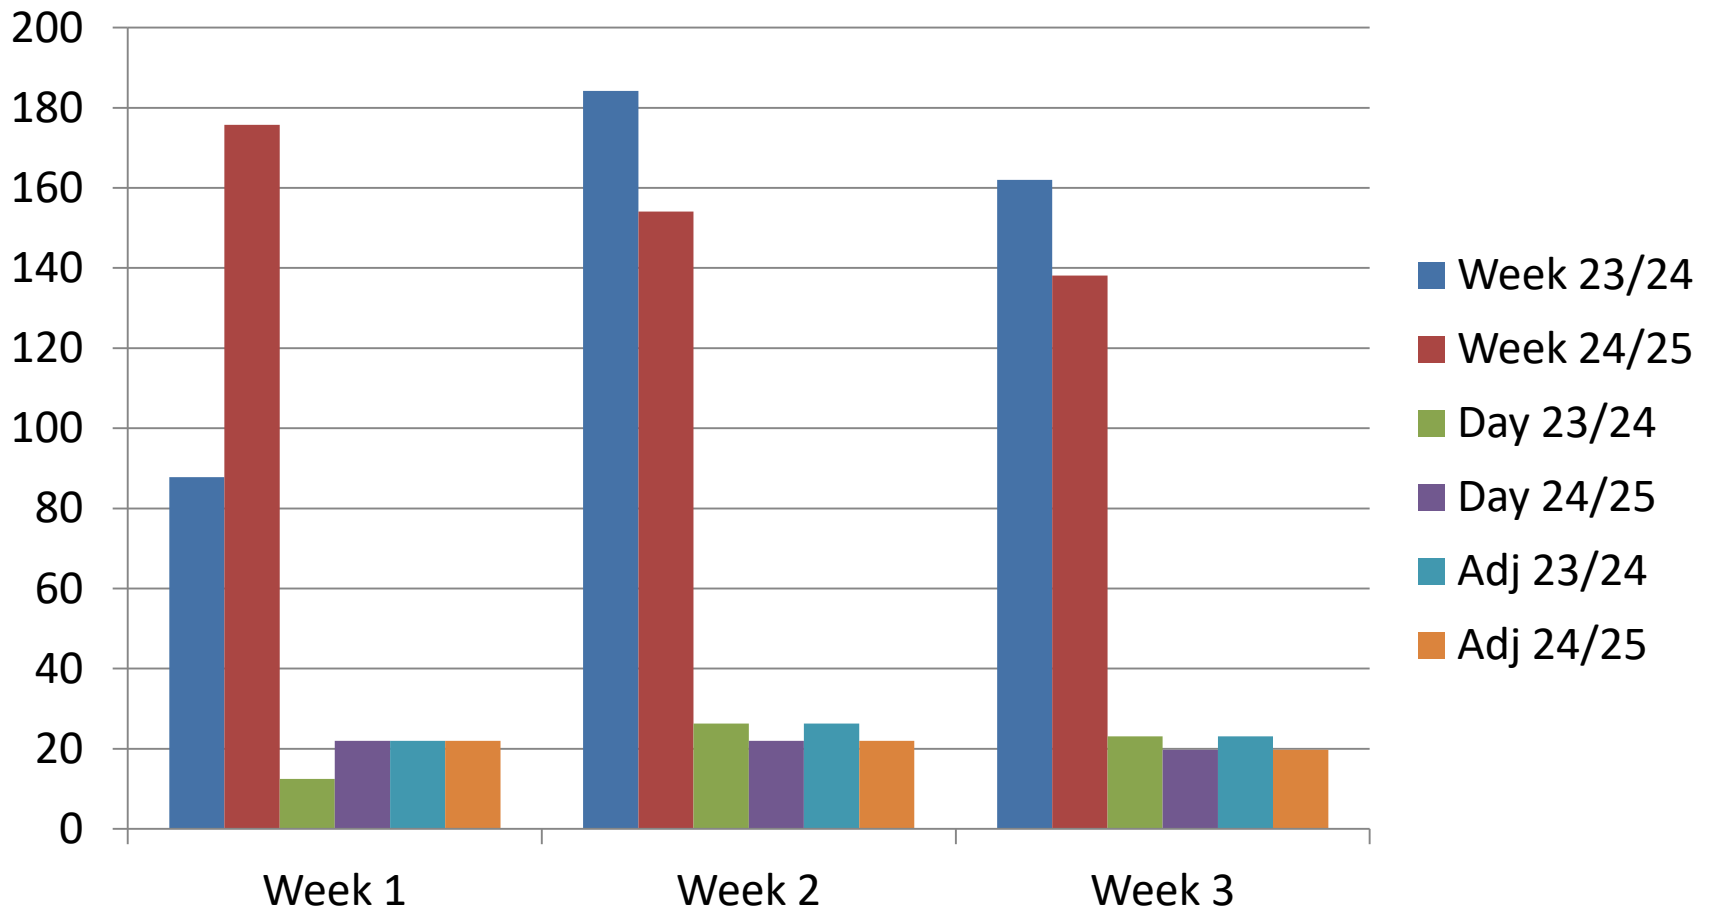

# This week!!!!

- Run Ratios
  - Based on strict scientific analysis
  - If Tonys' runs equal  $x$ 
    - Erika  $x/2$
    - Mark  $x/1.2$
    - Angel  $x/4$
    - Kates runs  $2/3x$
    - Chris' runs are  $x/4$
    - Cyndy is close to 1:1
    - Connie is anywhere from 1:2 to 1:10
    - Dennis is 1:3
    - Pete is Close to 1:1 (figured 8 my turns)
    - Still working on some of the others

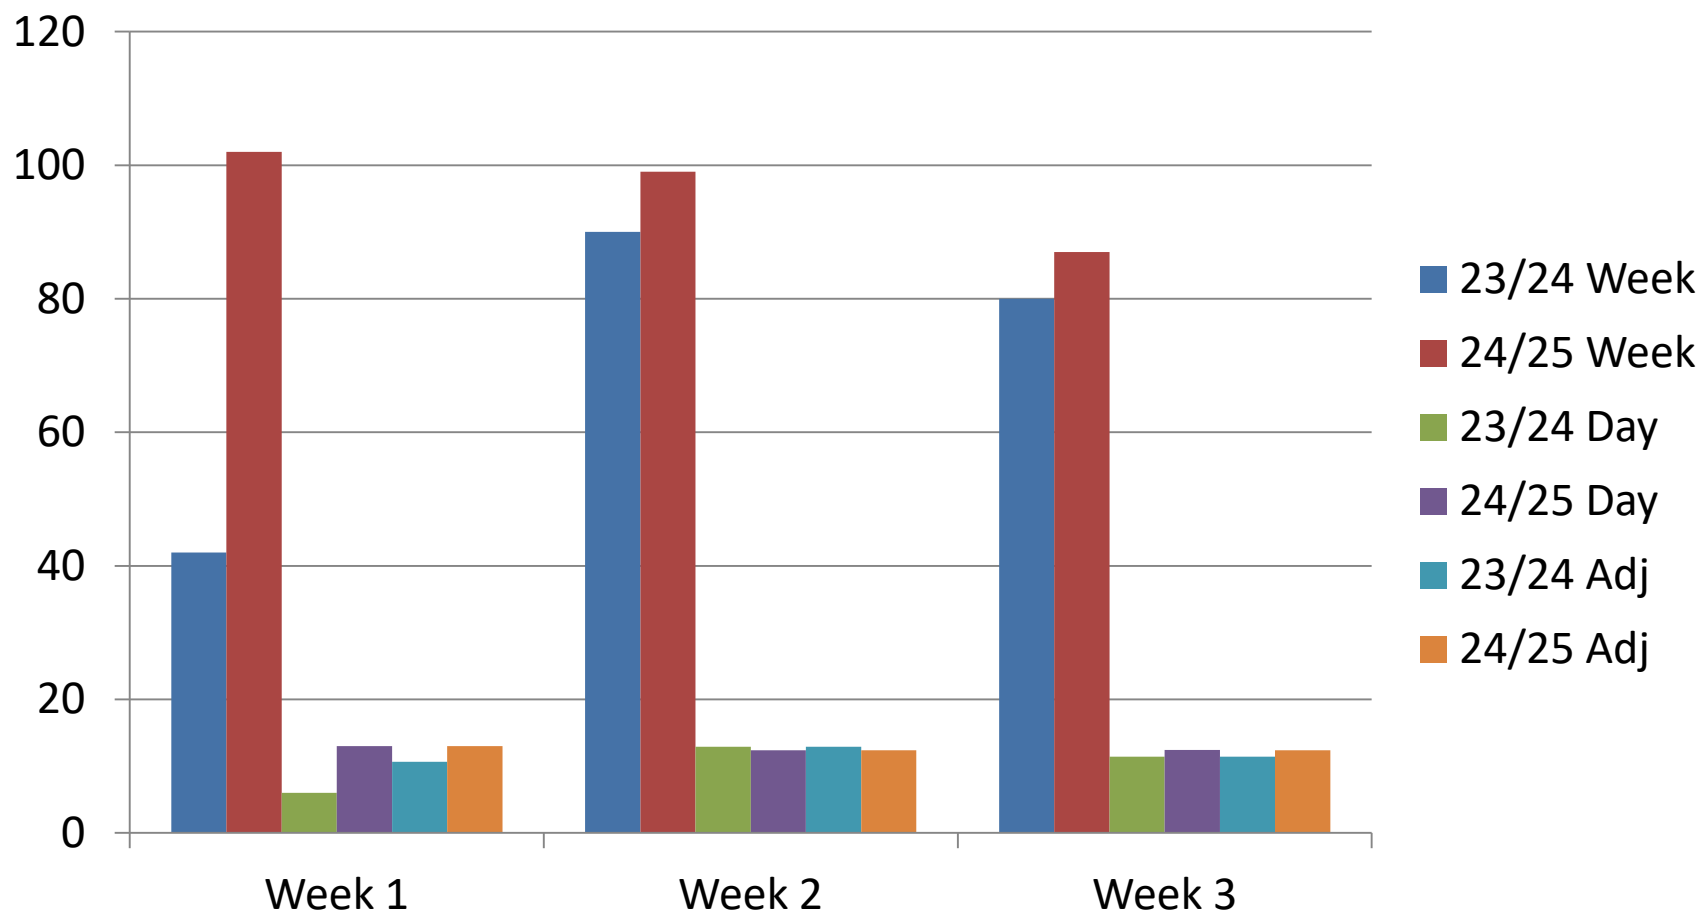

# Production News

- Anyone who missed Pete's birthday ski day; best 60 second birthday or is the 62<sup>nd</sup> birthday?
- Angel joined us and we are pushing for better numbers – speed number by some members is being seriously questioned. Though there was one episode on Tom's (really 98.6!!!)
- Individual numbers up, group down

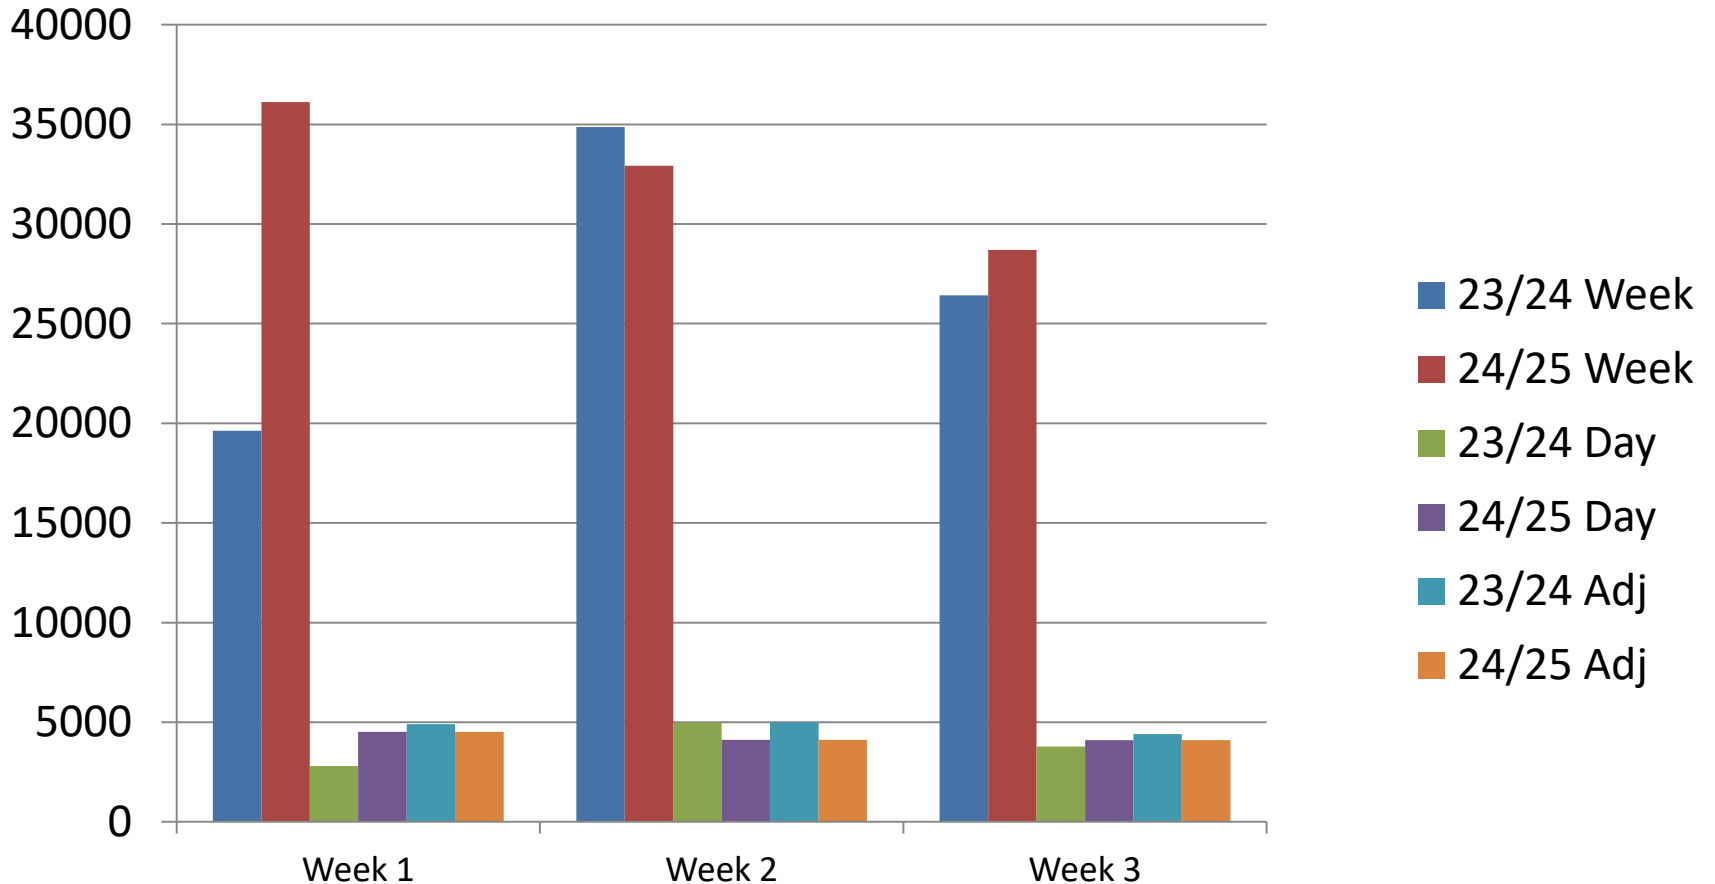

# DPR (Distance Production Rate)

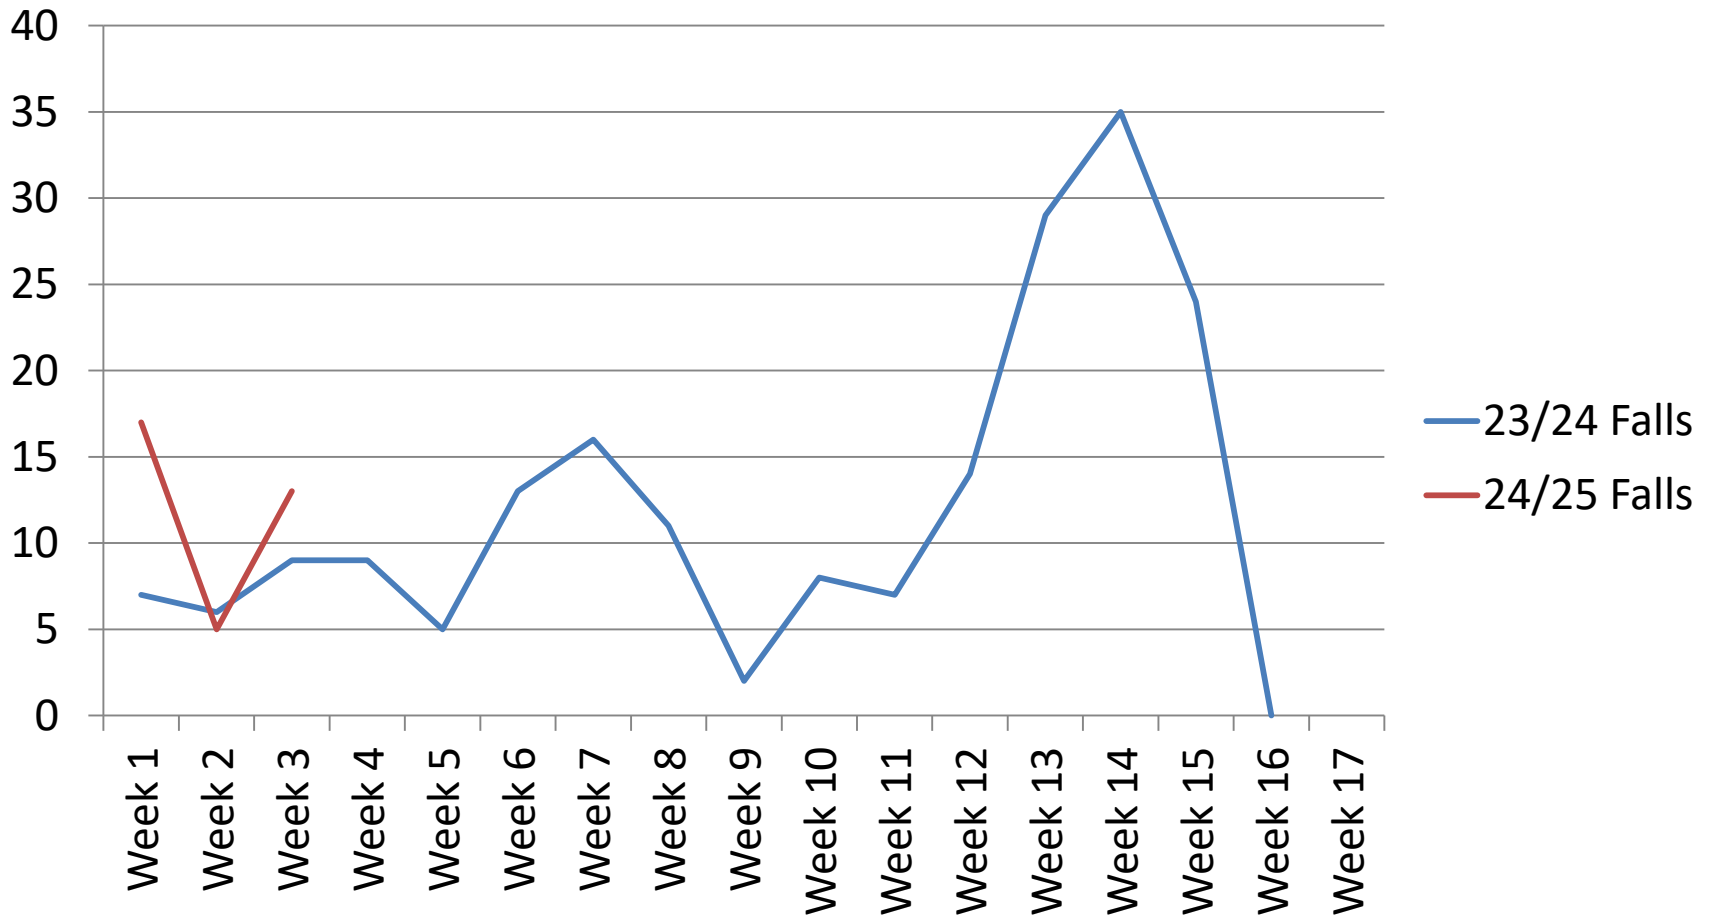

# RPR (Run Production Rate)

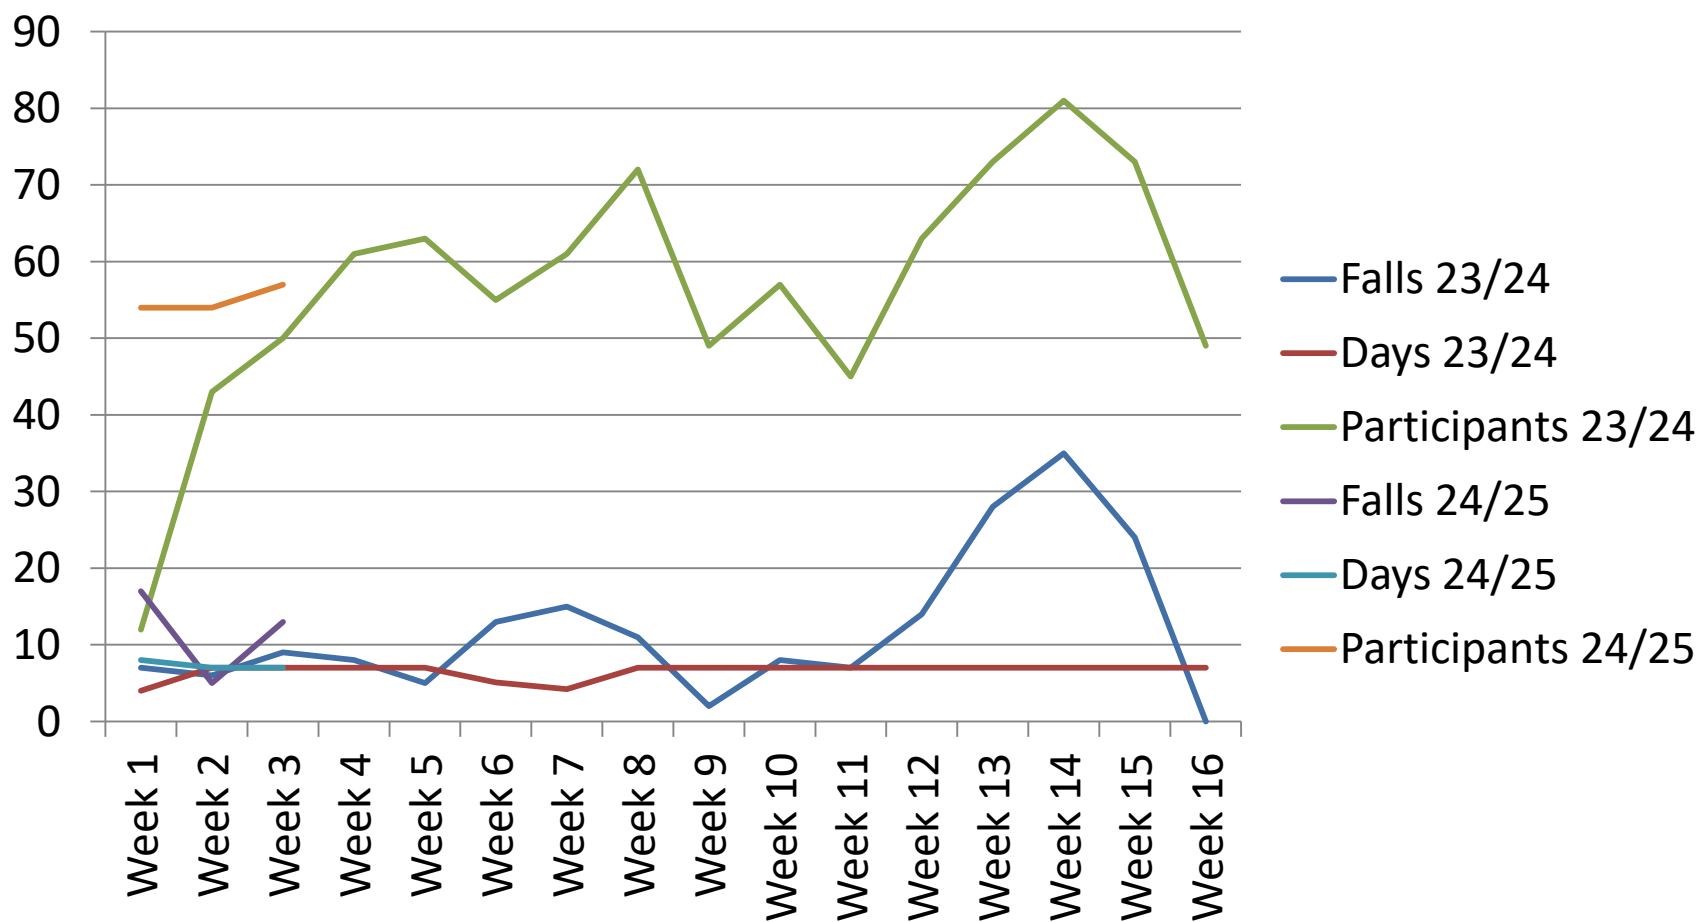

# VP Rates (Vertical Production)

# Weekly OS Data (as reported)

# Weekly OS Data (as reported)

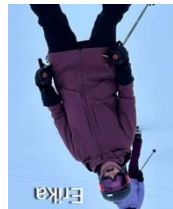

Audience appreciation

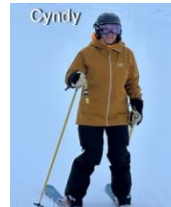

# Oh Shit – Weekly Summary

New ski technical test of rear binding release mechanisms

Upside down and alone in 1<sup>st</sup> Class Lounge

Current holder of the FoF

\*Loss of equipment, no injury

Severity of Crash\*

# Fall Rankings

Person	23/24	24/25			23/24	24/25
Tony	25	9		Karin	11	1
Cyndy	15	7		Jeff	6	1
Kate	24	5		Michael	1	0
Peter	12	5		Dave	3	-
Erika	20	5		Connie	9	0
Dennis	5	2		Mark	18	0
Angel		2		Keith	1	-
Chris	24	1		Al	8	-

# And Now to the Awards

- FoF – Cyndy reclaimed the award
- 13 falls this week
- Notes from Carv

# Chairlift Chatter

- So what has everyone been talking about?
  - Belly Flops??? Not in the snow
- Question of the week...Do Chris and Kate actually have new ski pants?
- Chris' value statement which has his per day cost of his pass down to ~\$4 per day
- Mostly bragging about lines and turns – questioning data and ratios

# Thoughts for the week

- For most of us, we have already surpassed most peoples average ski season....and we are barely  $\frac{1}{2}$  way through December

## Rain Day Muffins

The person who tried to take credit and the real baker – Which is which?

Like we even need to ask

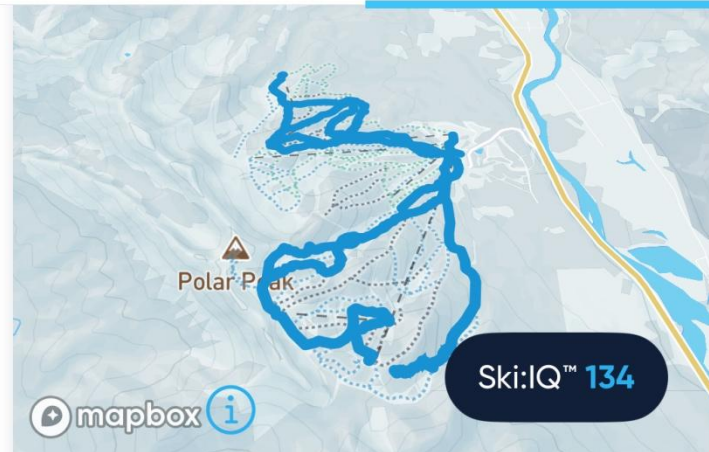

## Tony

Mountain Master

Profile

Activity

TODAY

## Fernie Alpine, CA

DISTANCE

24.8 km

DESCENT

5,646 m

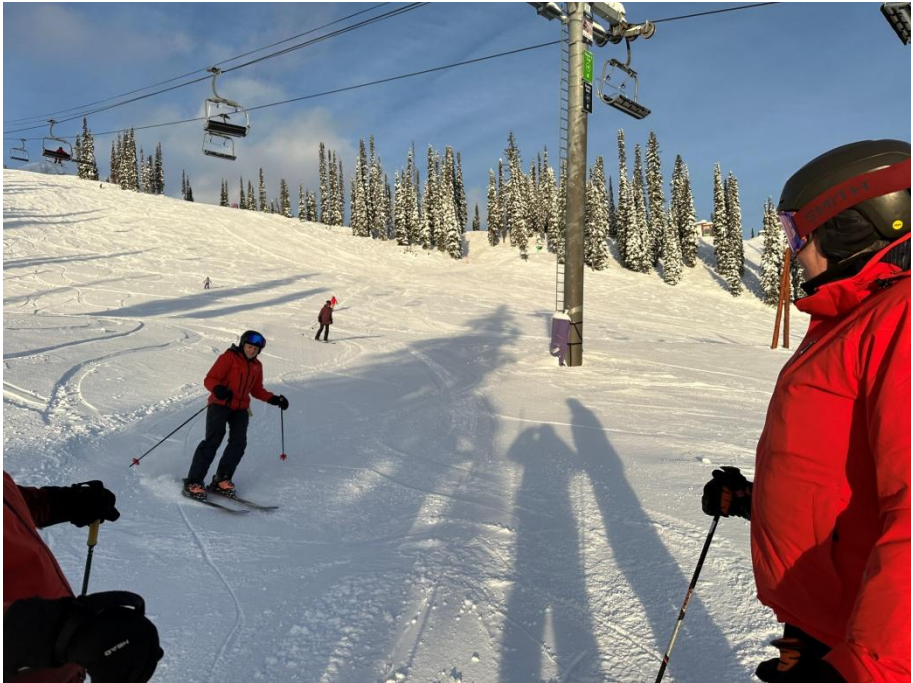

MAX SPEED

78.0 km/h

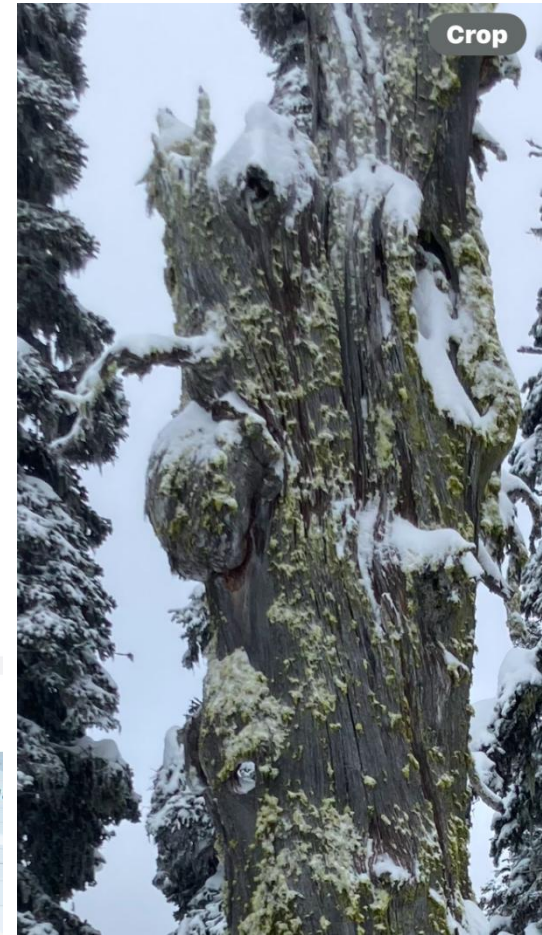

How much do we love Fernie? Snow gave us the sign and we skied a heart shaped set of runs
