Fall Appeal Board

- 3 points of contact must be non-equipment related touchdown
- In a review of an on-ski incident this week it was deemed by the panel that “the use of a non-standard body part to assist with maintaining balance in a manner not usually required while skiing in fairness to all members will be deemed to be an incident”.
- Squawking will only serve to increase the value of the incident

And Now to the Awards

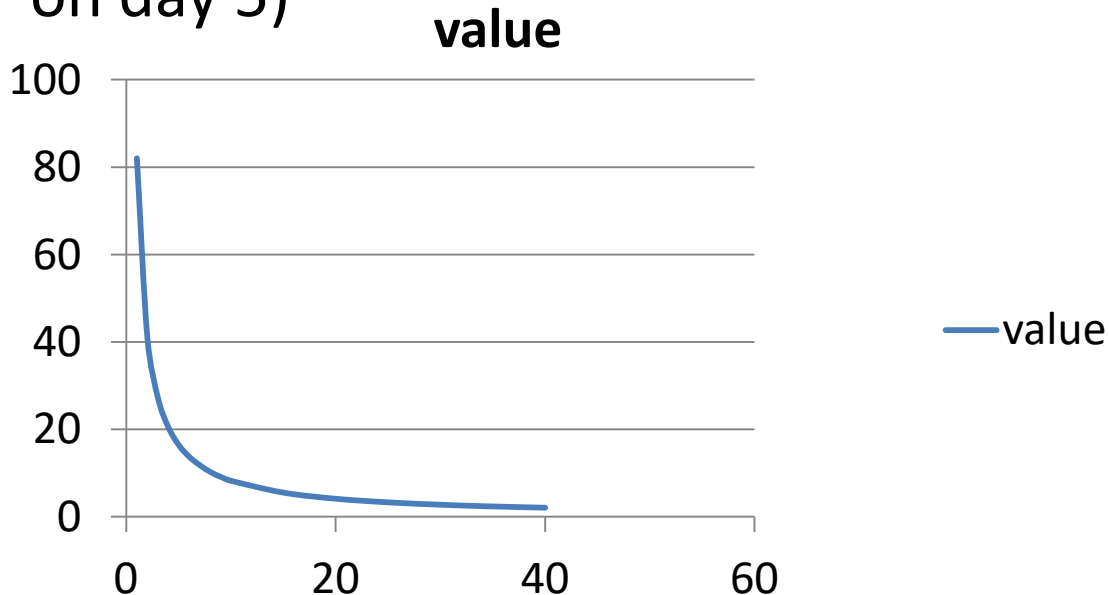

- FoF – Still with Peter – Kelly tried but just not quite there
- Oh Shit - Erika
- 10 (+2) fall this week
- Boilerplate skiing until Friday – there is more and more wind scoured spaces (ICE) some nice wind sift and getting slightly warmer. Friday was a return to what we love
